# ABOUT GRANITE STATE COMICON

Granite State Comicon's mission is to provide fans the best in comics, games, and pop culture while maintaining a family-friendly, traditional comic book convention atmosphere. But that's not the whole story.

Granite State Comicon – also known as “Granitecon” – started as a small, local comic book show in Manchester, NH. Our first convention was the 2002 Granite State Comicon. It was a one-day, one-room, no-celebrity, comic book and gaming convention. It was definitely small, to be sure, but it was a hit! And now, twenty one years later, that smaller size continues to serve our guests, vendors, and attendees well.

We pride ourselves in providing a more intimate experience – fans, comic creators and celebrities get a chance to mingle and chat and enjoy each other's company. Being smaller is reflected in our pricing as well. We strive to keep our ticket prices as low as possible, our table and booth rental prices are lower too.

As we continue to grow our brand, that growth is balanced by our customer service, attention to detail and personal connection. From our Convention Producers to the Volunteer Staff, our goal is not to be the biggest show, or have the most celebrity guests....

***Our goal is to give everyone who attends our event the best experience possible!***

Now in its **23<sup>rd</sup> year**, Granite State Comicon is **the** NH comic book and pop culture event featuring artists, vendors, cosplay and more!

Granitecon draws over **8,000 fans** during the course of the weekend, many from out of town (and out of country) looking for a place to eat, drink and shop.

Granite State Comicon hosts over **500 Vendors and Artists** during the convention.

Granite State Comicon is a **family-friendly** event with activities for all ages
